THE STATE OF NEW HAMPSHIRE

(TOWN WARRANT)

To the Inhabitants of the Town of Roxbury in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at SCHOOL HOUSE in said Roxbury on Tuesday, the 14th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to raise and appropriate money for poor relief.

4. To see if the town will vote to authorize and appropriate the sum of \$20.00 for the Monadnock Region Association, or take any action relating thereto.

5. To see if the town will vote to authorize the selectmen to borrow money on the credit of the town in anticipation of taxes.

6. To see if the town will vote to contribute to Elliot Community Hospital and if so, how much.

7. To see if the town will vote to close Middle Town Road to coasting.

8. To see if the town will vote to hold Town Meetings in the evening.

9. To see what action the town will take on disposal of property obtained through tax sales.

10. To see if the town will vote to raise \$200.00 for Town Hall and Tool Shed Fund.

11. To see if the town will vote to raise \$199.69. The State will contribute \$798.77 for Class V roads.

12. To hear reports of agents, auditors and committees heretofore chosen or take any action thereon.

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 15th day of February in the year of our Lord nineteen hundred and fifty.

LEON MENTER,
ARNOLD BAILEY,
BERTRAM HULSLANDER,
Selectmen of Roxbury.

A true copy of warrant—attest:

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January, 1950

To the Citizens and School Board of Roxbury:

A superintendent of schools who has been in his position for only six months should not be expected to give a full report of the events of the past year. He can however, speak of the present.

The basic problem in Roxbury is that of providing education for the children of the community in our small school building, which is lacking in many essentials such as running water, modern toilets and good lighting OR sending the children on bus to a community which can supply all the necessary elements of a good education.

The cost of tuition and transportation to Keene is somewhat more than the current cost of scholars' supplies and a good teacher's salary; provided of course, that we can obtain a good teacher. This current cost would not include the heavy cost of reconditioning the Roxbury school building to meet the requirements of both the State Department of Education and The State Health Department.

Education however, cannot be measured only in dollars of cost. It must also be measured in terms of the development in our children of knowledge, reasoning power, vocational competence and Democratic citizenship. The measure of America today, is a measure of free public school education. In the face of world unrest; we cannot afford to give our children a sub-standard education.

It is not my business to TELL the citizens of Roxbury what to do; but it is my DUTY as an educational expert with eight years of college training to support my judgment; to say that I believe our pupils are receiving a better education in Keene than an equal investment in dollars will give them in our own school.

VITAL STATISTICS
 to report this year.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved **ONLY** if **YOU** and **YOU** cooperate with them. It is worth **YOUR** effort and can be accomplished by:

- (1) Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
- (2) Securing the required written permit from the warden when the ground is not covered with snow.
- (3) Insisting that others be careful and comply with burning requirements.
- (4) Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

F. J. BAKER,
District Chief.
